

A man in a dark suit is seen from the back, gesturing with his right hand towards a large, blurred crowd of people. The scene is dimly lit, with warm, bokeh-style light spots in the background, suggesting an indoor event or conference.

## **POSH AWARENESS PROGRAM**

A comprehensive awareness and sensitization programme which breaks down the PoSH Law for the participants into simple and easily understandable parts.

It aims to prepare the employees about how to file a sexual harassment complaint, who can file a complaint and when to file a complaint.

The rights, dues and obligations of all parties are brought out very clearly and the consequences of non-compliance are explained adequately with significant examples, case studies, quick checks and myths and facts.

### **WHY PoSH training is Important?**

- To promote a healthy and positive workplace environment.
- To ensure awareness, equality, and engagement among employees.
- To boost employee retention and productivity.
- To foster better relation between employees and management.
- To set standards, ethics, and norms to enhance the organisational reputation
- To help employees take the course in a self-paced manner.

## Our Process

### STAGE 1: PRE-ASSESSMENT

We start by introducing our workshops and educational modules to schools and corporates. Through a questionnaire-based pre-assessment, we figure out what programs students or professionals need. Then, we provide solutions that have a long-lasting impact.

### STAGE 2: IDEA AND CONCEPT

Our educators believe that real and effective learning happens when students are active—creating, discussing, and reflecting rather than just memorizing. True learning comes from being motivated and willing to learn, not from being forced to study. At AboveSkill, we strive to make our workshops fun, empowering, and socially engaging for students.

### STAGE 3: INSTRUMENTATION

Educators receive support from the AboveSkill community of mentors. They get feedback and assistance to ensure the best possible experience for students and professionals.

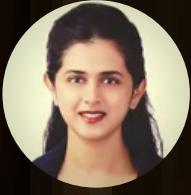

### STAGE 4: FEEDBACK

Feedback has a powerful impact on students. Research shows that higher engagement levels lead to increased productivity, motivation, and overall happiness among students. In this final stage, learners become more self-confident, positively influencing their overall personality and instilling a winner's attitude in life.

**Positive:** Professionalism, Quality

I think it was best thing one can do at #5am in the morning. @Aboveskill has made learning so exciting and so comfortable that it wasn't a challenge to get up at 5 am and attend the sessions.

I really appreciate the efforts of all the efforts empanelled with #AboveSkill. They all are highly skilled, thoroughly professional and absolutely audience centric.

I enjoyed getting up at 5 am for attending the sessions, as it was fun, engaging and very informative. I appreciate the way AboveSkill is organising the outstanding events and making a difference in the lives of others.

My best of the wishes for #AboveSkill and to all the trainers empanelled with them.
